DETAILED ACTION

Claim Objections

Claims 46 and 48-49 are objected to because of the following informalities.

In claim 46, line 8: insert -- the -- before "basis" and -- and -- after "means," to correct minor typographical errors.

In claim 48, line 2, "operation" should be "operations" to correct a minor typographical error.

In claim 49, line 10, insert -- and -- after "input," to correct a minor typographical error.

Appropriate correction is required.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter, which the applicant regards as his invention.

Claim 47 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 47, line 2, "an input mechanism....input information," and in lines 2-3, "a displayinformation," it is unclear what structure the Applicant is referring to since claim 46, line 8 already recites that the basis module has a user input means and a display means. Where a claim directed to a device can be read to include the same element twice, the claim may be indefinite. Ex parte Kristensen, 10 USPQ2d 1701 (See MPEP 2173.05(o)).

Allowable Subject Matter

Claims 46 and 48-49 would be allowable if the minor objections made in this office action are addressed.

Claim 47 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Art Unit: 3732

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
